

Joint 3D GeInfo conference and EG-ICE workshop 2024

1st – 5th July 2024, in Vigo (Spain)

Call for Papers

We are pleased to invite you to submit papers to the Joint 3D GeInfo conference and EG-ICE workshop 2024, which will take place in Vigo (Spain) from 1 to 5 July 2024. These two events will be hosted and jointly organized by the University of Vigo.

More details on conference fees and registration are available below and on the [conference website](#).

19th International 3D GeInfo Conference 2024 (July 1-3, 2024)

Publication Pathway 1 – Full	Submission
Full paper due	Feb 1, 2024
Author notification	Mar 1, 2024
Publication Pathway 2 – Extended Abstract Submission	
Extended abstract due	Feb 1, 2024
Author notification	Mar 1, 2024
Publication Pathways 1 and 2	
Camera ready papers	Apr 1, 2024

Information for authors

Authors are invited to submit your contribution to the **3D GeInfo 2024** via [Conftool](#).

Accepted papers will be selected through a **double-blind review process** and should not be published elsewhere. They will be published in the **ISPRS Annals** or the **ISPRS Archives**. Both types of publications are listed in the CPCI of the WOS, SCOPUS, the E/I Compendex, and the DOI.

Submissions should be prepared according to the [ISPRS guidelines](#). There are two pathways:

- **Pathway 1:** Accepted **full papers** (min 6/max 8 pages) will be published in the **ISPRS Annals** (full paper double-blind peer review). Papers not accepted for ISPRS Annals might be considered for the ISPRS Archives.
- **Pathway 2:** Accepted **extended abstracts** (2 pages) will be requested to submit a **final paper** (min 6/max 8 pages) and will be published in the **ISPRS Archives** (abstract double-blind peer review). Extended abstracts on their own will not be published.

31st EG-ICE International Workshop on Intelligent Computing in Engineering (July 3-5, 2024)

Key dates	
Abstract submission	Dec 15, 2023
Abstract acceptance	Jan 15, 2024
Full paper submission	Apr 1, 2024
Paper acceptance	May 1, 2024
Camera ready papers	May 15, 2024

Information for authors

Authors are invited to submit extended abstracts in PDF format through the [Conftool](#) online submission system. The deadline to submit extended abstracts is **December 15, 2023**. Please make sure you use the **author template**.

Journal Special Issues

A selection of the best conference papers will be invited to extend their work and submit it to a special issue of the journal [Advanced Engineering Informatics](#).

Registration

Registration to the conference will be available via the [conference website](#) soon. Prices include welcome reception, conference dinner, and proceedings.

- **Regular registration** for **3D GeInfo** (1 proceeding): 550€ (after 15 May 2024: 650€)
- **Regular registration** for **EG-ICE** (1 proceeding): 550€ (after 15 May 2024: 650€)
- **Regular registration** for **3D GeInfo & EG-ICE** (2 proceedings): 650€ (after 15 May 2024: 750€)
- **Student registration** for **3D GeInfo & EG-ICE** (1 proceeding): 350€ (after 15 May 2024: 450€)

The conference is hosted by the Applied Geotechnologies Research Group from the University of Vigo. If you have questions or are interested in sponsoring, please contact 3dgeinfoeg-ice@uvigo.gal.
